

Flash information on the results of a call for proposals

Call identifier:	FP7-PEOPLE-2011-IOF
Call title:	Marie Curie International Outgoing Fellowships (IOF)
Published:	16 March 2011
Deadline:	12 August 2011
Budget available (as announced in the work programme):	€40 million

The Research Executive Agency, assisted by independent experts, has now completed the evaluation of proposals submitted to the above call. The names of all the experts used in relation to this theme will be published on the Participant Portal and CORDIS, on an annual basis. The results of the evaluation by experts are summarised below:

Number of proposals submitted:	860
Number of ineligible proposals:	3
Number of withdrawn proposals	1
Number of proposals receiving an evaluation score above the applicable threshold:	679
Total indicative budget requested from these above-threshold proposals:	179.426.631,71 €

Applicants have been informed of the evaluation scores and comments relating to their own proposals.

The number of proposals that can finally be funded depends on the available budget, the outcome of negotiations, and the completion of the formal procedures.

It is expected that the first grant agreements with successful applicants will be concluded by mid-February 2012.

Information on the selected projects will be published on the Participant Portal and CORDIS once grant agreements have been established.

For any question regarding this call or FP7, please contact the Research Enquiry Service at <http://ec.europa.eu/research/enquiries>.
