Indicative Funding Decision
(Evaluation Preliminary Results)

IMPORTANT: Note that results published on the web should be taken as purely indicative.

Key to Provisional status of proposals:

A: Proposal recommended for funding. It is positioned within the available budget. Proposals in this category are likely to be invited to enter into contract negotiation. Negotiation takes place between the Research Executive Agency and the host institution.

B: Proposal on the reserve list. Funding available only after proposals from category A have been withdrawn or failed negotiation. Applicants will be contacted in due course. Proposers will be informed when the reserve list is closed.

C: Proposal of good quality. Having passed all thresholds but for which funding is not available due to budgetary constraints. These proposals will be rejected.

D: Proposal of insufficient quality. The proposal has failed the overall threshold or has failed the threshold in one or more criteria. These proposals will be rejected.

E: Proposal not evaluated. Proposals under this category have not been taken into account during evaluation for one of the following reasons:

- The proposal failed one or more administrative eligibility criteria.
- The proposal was a duplicate of another that was evaluated.
- The proposal was withdrawn by the applicant before the evaluation.

Additional Information:

- Publication date: 16 March 2011
- Deadline: 12 August 2011
- Total indicative budget: EUR 40 million
- Total number of proposals submitted: 860 (about 19% of the evaluated proposals can be funded)

IMPORTANT: Results published below are for information only and should not be regarded under any circumstances as a formal commitment by the Commission or the REA to provide financial support or otherwise, as this depends on the available budget, the outcome of negotiations and the completion of the formal procedures.
