

**Research Executive Agency**

Unit P4. Marie Curie – Host-driven Actions

**FP7 People Programme: Marie Curie Actions  
Marie Curie Industry-Academia Partnerships and Pathways (IAPP)  
FP7-PEOPLE- 2011-IAPP – Deadline 07/12/2010**

## **Indicative Funding Decision**

***IMPORTANT:** Note that results published on the web should be taken as indicative.*

### **General information**

**Call identifier:** FP7-PEOPLE- 2011-IAPP

**Activity:** Industry-Academia Partnerships and Pathways (IAPP)

**Published:** 20/07/2010

**Deadline:** 07/12/2010

**Indicative Budget available:** € 80 million

**Total number of proposals submitted:** 165.

### **Status as of 17/05/2011**

All proposal co-ordinators have received an initial information letter with a copy of the evaluation summary report (ESR) on 07/04/2011. Proposals have been ranked according to these evaluation results and funding decisions will be made on the basis of this ranking.

The compulsory internal procedure of consulting other Commission services that are potentially concerned with the content of the evaluation has now been successfully completed and therefore we can now inform applicants on the final status of each proposal (please refer to the list in Annex).

***IMPORTANT:** Results published below are for information only and should not be regarded under any circumstances as a formal commitment by the Commission to provide financial support or otherwise, as this depends on the available budget, the outcome of negotiations and the completion of the formal procedures.*

### **3. Key to provisional status of proposals**

#### **Status A: Proposal recommended for funding**

Proposals in this category are positioned within the available budget. Negotiations will take place between the REA and the proposal Coordinator. Subject to the successful completion of the negotiations, the coordinator will receive a grant agreement offer for signature by both parties.

#### **Status B: Proposal on the reserve list**

Funding for these projects could be available depending primarily on the outcome of the negotiation of proposals of status A. Applicants will be contacted in due time either to enter into contract negotiations or to be informed them that the reserve list is closed and that their project will be rejected because of lack of funding.

#### **Status C: Proposals above thresholds but not retained for funding nor on the reserve list because of lack of budgetary resources**

Proposals with a C status have passed all thresholds; however, they cannot be retained due to budgetary constraints and will be rejected.

#### **Status D: Proposals failing one or more thresholds**

Proposals with a D status have failed the overall threshold or have failed the threshold in one or more criteria. These proposals will be rejected.

#### **Status E: Proposals non-eligible or withdrawn**

Proposals under this category have not been taken into account during evaluation for one of the following reasons: (i) the proposal failed one or more administrative eligibility criteria; (ii) the proposal was a duplicate of another that was evaluated; (iii) the proposal was withdrawn by the applicant before the evaluation.

#### **Overall Statistics**

Number of proposals submitted:	165
Number of withdrawn proposals:	2
Number of ineligible proposals:	3
Number of evaluated proposals:	160
Number of proposals with status A:	51
Number of proposals with status B:	22
Number of proposals with status C:	0
Number of proposals with status D:	87
Number of proposals with status E:	5

**Annex: Evaluation results for the call FP7-PEOPLE-2011-IAPP**
