Housekeeping announcements

All participants will be muted for the duration of the webinar

We will be recording this session

Slides will be shared after the webinar on the event page

Please use the Q&A function to submit questions

You can 'up vote' your favourite questions in the Q&A

A chat function is available and will be monitored

About UKRO

We support UK organisations involved in EU R&I funding

- Part of UKRI's wider International team – championing EU engagement
- Host UK National Contact Points for ERC, MSCA, WIDERA, NEB and COST
- Provide resources to help understand Horizon Europe on the UKRO Portal www.ukro.ac.uk
- Work in partnership with EU support teams within research organisations – helping European Liaison officers navigate pre- and post-award

UK Research Office
Brussels

Striving for excellence with ERC funding

A golden arrow points upwards and to the right, resting on a document. The word 'EXCELLENCE' is printed in large, bold, black capital letters, slanted diagonally across the page. Below the word, there are several horizontal lines of varying lengths, resembling a stylized waveform or a series of steps. In the bottom left corner, a portion of a compass rose is visible, showing a circular scale with degree markings and a needle pointing towards the top left. The overall image conveys a sense of direction, progress, and high achievement.

-EXCELLENCE

Long-term grants to conduct pioneering research projects

Over **13,000**
top researchers funded since
the ERC creation in 2007

Over **90,000**
researchers and other professionals
employed in ERC research teams

Over **2,400**
patents and other IPR applications
generated by ERC funding

Over **400**
start-ups identified as founded
or co-founded by ERC grantees

Over **250,000**
articles from ERC projects published
in scientific journals

Over **900** research institutions hosting
ERC grantees – universities, public or
private research centres in the EU or
Associated Countries

93
nationalities of
grant holders

12 Nobel Prizes, **6** Fields Medals, **11** Wolf Prizes
and other prizes awarded to ERC grantees

Who?

No restrictions based on age, nationality, current location or current employment/contract status

Where?

Must have an institution **based in an EU member state or associated** country willing to host them

Any field of science

Scientific excellence of both yourself and your
ambitious pioneering research proposal

No thematic restrictions

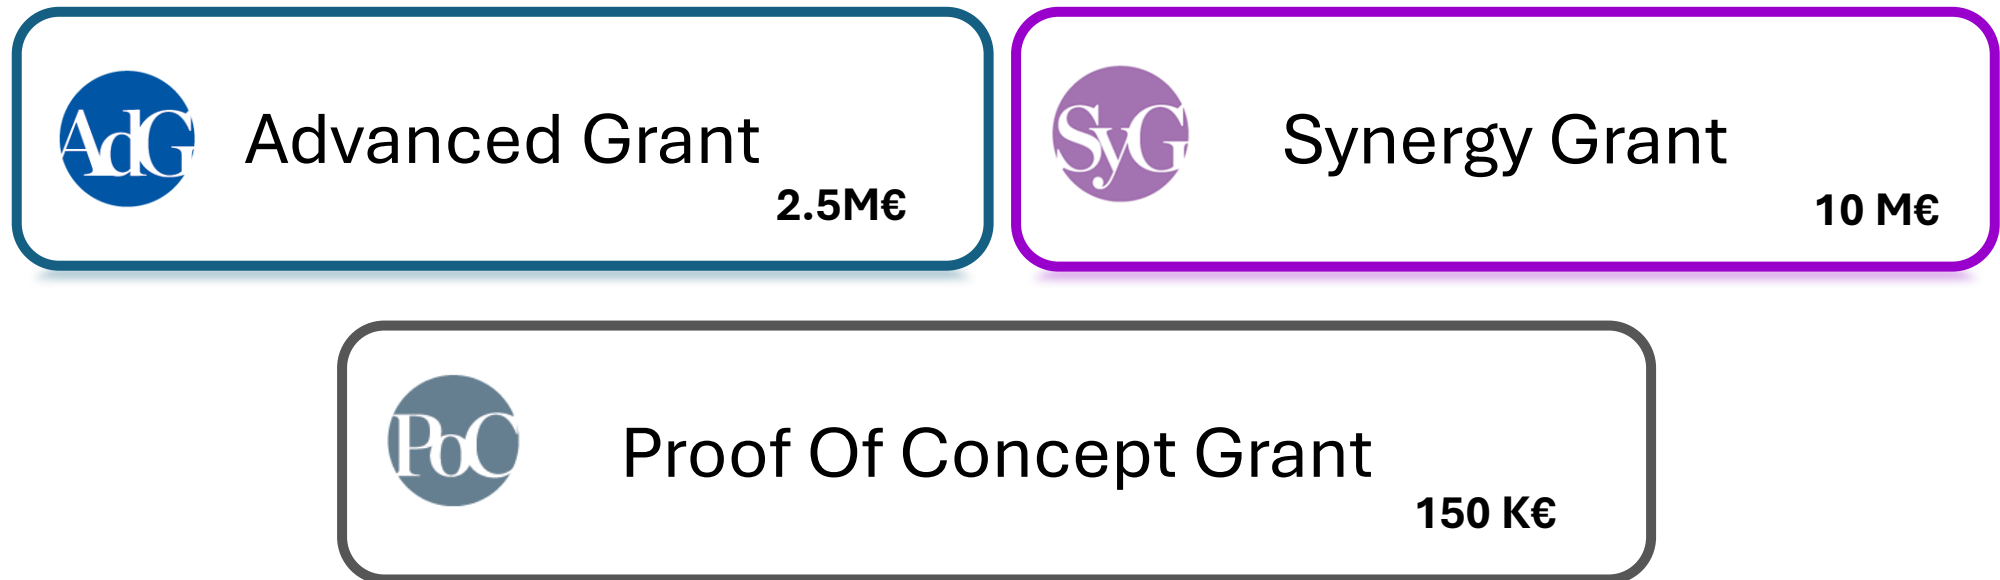

No consortium required

No co-financing needed

ERC Grant Opportunities

No PhD Requirements

Webinar on ERC Work Programme 2026

Our upcoming webinars

The poster features a blue header with the text 'ERC 2026'. Below this, on the left, is the UKRI logo and the text 'UK Research Office'. To the right of these is the ERC logo, which consists of a circular pattern of dots. The main title 'Consolidator Grant Webinar' is prominently displayed in large, bold, dark blue letters. Below the title, there are two circular portraits. The first portrait is of Prof. Valentina Arena, a woman with dark hair, smiling. The second portrait is of Dr. Antonino Puglisi, a man with glasses, also smiling. Below each portrait is their name and affiliation. At the bottom of the poster, there is a dark blue banner with white text providing the date, time, and contact information.

Starting Grant | in a nutshell

Supports researchers at the early stage of their careers to become independent research leaders

1.5 Million euros | Up to 5 years

That's for applicants who got their PhD between 2 to 7 years ago

[General info about ERC Starting Grants](#)

Starting Grant | Funding rates

Base amount & Additional funding

1.5 Million euros
Up to 5 years

Up to 2M euros

For grantees based anywhere in the world who want to move to Europe

- “Start-up” costs
- Purchase of major equipment
- Access to large facilities
- Other major experimental and field work costs

Now including personnel costs!

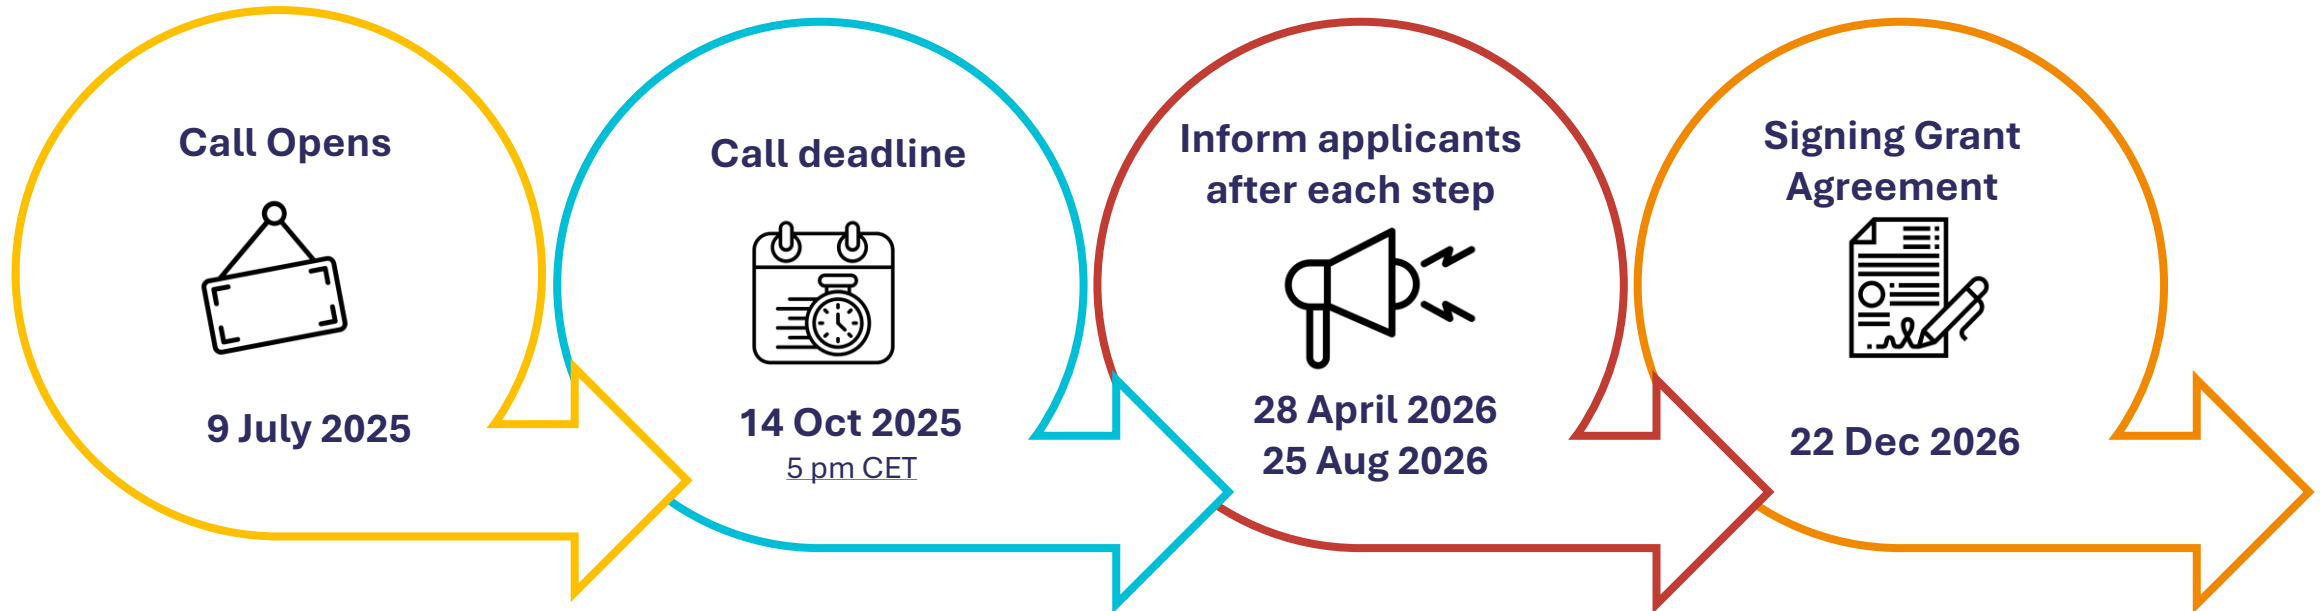

2026 Starting Grant (ERC-2026-StG)

€705 M

450 grants

UK Research Office
Brussels

Single submission

Two-step evaluation

Eligibility criteria

Principal Investigator Eligibility

Who?

No restrictions based on age, nationality, current location or current employment/contract status

Where?

Must have an institution **based in an EU Member State (MS) or Associated Country (AC)** willing to host them

Time Commitment in the ERC Starting

50% minimum of
working time on grant

50% minimum time in
EU's MS or AC

Extension of the eligibility window

**Successful defence of PhD
between 2 to 7 years ago**

From 1st Jan 2019 to 31st Dec 2023

Maternity leave

18 months per child
or longer if documented

Paternity or parental leave

Long-term illness or National service

Disability

Clinical training

Maximum 4 years

Major Disaster

Seeking Asylum

Gender-based Violence or Any Other Form of Violence

UK Research Office
Brussels

[General info about ERC Starting Grants](#)

Host Institution Eligibility

Any type of **legal entity**

Based in an **EU** Member State or Associated Country

Have the **infrastructure** to enable PI's independence

Must **not constrain the PI** to the institution's research strategy

Must **engage the PI** for project duration

Not assessed at evaluation

- ✓ Sign the **Grant Agreement** with the Commission
- ✓ Sign the **Supplementary Agreement** with the PI

Principal Investigator & Team Members

- PI **leads** the research project - They are not collaborating as equals with their team
- PI has the **freedom to choose** how many team members are included in the project
- PI **names individuals or roles** that will be recruited in the proposal
- PI must **justify the team** and its composition and contribution

- Of any age, nationality or country of residence
- Can be based **at the Host Institution or any other organisation** in the world
- **Cannot be co-investigators**
- **Assigned to specific project outputs/tasks**
- Can be **research staff at any level** (including technicians and project managers)
- **EU funded** - Even outside member states or associated countries

Section C. Resources

This section and the budget table will be made available to the experts evaluating the proposal at Step 2. Important: your description of resources will be truncated once it exceeds the maximum allowed characters. Please make sure that your description is complete before submitting.

State and fully justify the amount of funding considered necessary to fulfil the objectives for the duration of the project. The project cost estimation should be as accurate as possible. The evaluation panels assess the estimated costs carefully; unjustified budgets will be consequently reduced. Please specify if you will use third parties giving in-kind contributions to the action.

If applicable, please specify the cost items covered by your 'Other personnel costs' category and the cost items covered by your 'Other additional direct costs' category.

Request for additional funding if applicable (All items MUST be included in the overall budget table above): (Cost in EUR)

Evaluation Process

ERC Starting – Evaluation (ERC-2026-StG)

ERC Starting – Evaluation

What is the evaluation based on?

Principal Investigator

intellectual capacity,
creativity
commitment

Research project

ground-breaking nature
ambition

Evaluation of the Research Project

Ground-breaking nature & ambition

Step 1

To what extent...

- ...does the research address important scientific questions?
- ...are the project's objectives ambitious and will it advance the frontier of knowledge?

Step 2

To what extent...

- ...does the research address important scientific questions?
- ...are the project's objectives ambitious and will it advance the frontier of knowledge?
- ...are the research methodology and working arrangements appropriate to achieve the goals of the project?
- ...are the timescales and resources adequate and properly justified?

Evaluation of the **Principal Investigators**

Intellectual capacity and creativity

To what extent...

- ...the PIs demonstrated the ability to conduct ground-breaking research?
- ...the PIs provide evidence of creative and original thinking?
- ...the PIs have the required scientific expertise and capacity to successfully execute the project?

Evaluation Outcomes

Other Points for Consideration

Open Science

Under Horizon Europe, beneficiaries of ERC grants must **ensure open access to all peer-reviewed scientific publications** relating to their ERC project results.

Open access means accessible on:

- a trusted repository
- under a CC BY (or equivalent) licence (either to the ‘author accepted manuscript’ or the published ‘version of record’).

For long-text publications like monographs

- a CC BY-NC / ND / NC-ND licence (or equivalent) is acceptable.
- The ERC Scientific Council recommends the use of the OAPEN Open Books library (<https://oapen.org>) as repository for monographs and other books as well as book chapters.

- ❖ [Guidelines on FAIR Data Management in Horizon 2020](#)
- ❖ www.openaire.eu
- ❖ <https://www.fosteropenscience.eu/>

Publishing Fees will be eligible for funding if the venue is fully open access (i.e. a full open access journal or book, or an open access publishing platform like, e.g., Open Research Europe)

UK Research Office
Brussels

[You can find the provisions related to Open Science on pages 107 – 109 of the Model Grant Agreement](#)

Open Research Europe

Scholarly publishing platform that will provide Horizon 2020 and Horizon Europe beneficiaries with a no-cost full open access peer-reviewed publishing service, across all fields of research

UK Research Office
Brussels

<https://open-research-europe.ec.europa.eu/>

Gender

Sex and Gender dimension of your project

- Not a strict requirement in of itself, but..
- Integrating the gender dimension in research and innovation can make your proposal more competitive
- Proper consideration of sex and gender in research design is often evaluated as added excellence to the research question and methodology.
- **Some basic questions you can ask in project design:**
 - Are some of your findings going to be gender specific?
 - Do you justify your gender choices in the research design to peer reviewers?
 - If the topic is not relevant to Sex & gender, do you explicitly acknowledge that consideration?

Find more tips and guidance:

In a recent [ERC workshop](#) about how ERC-style excellence in different domains can be interrelated with the Sex and Gender Dimension.

Gender rules for eligibility and in the Part A form

- A Gender Equality Plan (GEP) has to be in place for the Host Institutions before the signature of the grant agreement.
- GEPs are the Host Institution's responsibility, it is not the Principal Investigator's responsibility
- Proposal PI and team members' gender and career stage details requested in Part A are not seen by evaluators.
- These Part A personal details are used in a quantitative way by the Commission to monitor progress towards gender equality and better careers in the European research sector
